

Welcome!

vhs means adult education centre. Here you can learn German and much more!

You learn German at our vhs. But you can also do many other things with us and meet nice people in the process. We offer around 3,000 different courses every year. For example, you can choose between many different sports courses, drawing, going on excursions, learning a musical instrument, sewing, dancing, cooking, learning another language, learning new things for your job, understanding current topics better. There are also many interesting lectures.

At the vhs, you learn together with others. We bring together people with different political opinions, different religions, from many different countries and from different backgrounds.

There are courses in the morning, in the afternoon, in the evening and also at weekends.

Have a look at our website: www.vhs-landkreis-konstanz.de or ask at the vhs - we will help you if you have any questions. You can register for a course via our website or at the secretary's office.

Most courses cost money. If you only have a little money, you can still take part. You can make an application and ask if you can take part for less money.

Perhaps you would like to teach others something that you are very good at? Send us an e-mail to: kontakt@vhs-landkreis-konstanz.de
